REDWOOD BOY IS A GENIUS

Napoleonic Coach On Display Here Goes To Exposition

Special Correspondence of The Press

REDWOOD VALLEY, July 16. —Tucked away in the woods near Laughlin is the lovely little home of Mr. and Mrs. L. M. Burkheim. The Burkheims have owned the property many years and have only recently come to make it their permanent home. The have been putting in many improvements to beautify the grounds. Mrs. Burkheim has unusual ability as an interior decorator as she also has in landscape gardening.

A Lovely Rock Garden.

The coveted rock garden with its mysterious mosses, small shrubs and flowers and the mirror pool which has been installed have been in the making only the past three months. In this magic garden nestled here and there are little imitation toadstools, a bit of statuary, a sundial and a bird bath. It would hardly be complete without mentioning the comfort of the hammock, swings and easy chairs. All this, which has captured the fancy of Mr. and Mrs. Burkheim, has won the admiration of those who visit the "Garden of Allah" as they have named it.

Is Shown In Ukiah.

On display at Enright's is an exact model of a Napoleonic coach built by Alvin Fernbach, a Redwood Valley high school student. This is to be exhibited at the Century of Progress Exposition. It is sponsored by Fisher Body Corporation and represented by Vevoda Motor Sales, Chevrolet and Oldsmobile dealers, and Weber Buick-Pontiac Co. The model, so cleverly made, shows much ability and art; and it is with pride and pleasure one of Redwood Valley's students is to have this entry made at the Exposition.

A Wonderful Well.

The well which has been put down on the Bednar Bros. ranch has proven very satisfactory. They went down only 10 feet when they struck water, but continued through 19 feet of gravel and now have 16 feet of water from a 29-foot well. They are using a centrifugal pump which pumps 1200 gallons an hour. It has been found over night there is a seepage of nine feet of water. The water is soft and clear and has proven a delight to the owners.

Here From South.

Mr. and Mrs. E. Jones have as their house guests Mr. and Mrs. O. F. Van Valkenburg and family, of Los Angeles, who will be here until August. Mrs. Rose Haller, Mrs. Maude Morrison and Mrs. Martha Clark and son, of San Francisco, were also guests during the week.

This week Mr. and Mrs. Karl Madsen, of Arcadia, and Mr. and Mrs. H. Dauhl, of Los Angeles, will enjoy the hospitality of Mr. and Mrs. Jones.

To Conduct Route.

Ben Wilburn, a brother of Mrs. I. Carpenter and a former resident of Redwood Valley, has taken over the Watkins route on the Coast. His territory will be routed as far north as Ferndale.

Motored To Coast.

Mr. and Mrs. F. A. Howland and family have returned from a delightful four-day trip passed on the coast. Their itinerary included Fort Bragg, Point Arena and Point Reyes.

Miss C. Van Voorhies is visiting her brother, B. W. Van Voorhies and family. Miss Van Voorhies is from New York and will pass the summer in Redwood Valley.

Mrs. A. Kinsler with her daughter and son are enjoying a short vacation at Lane's Flat.

Had Wienie Roast.

The 4-H Girls' Club with their leaders, Mrs. N. Nelson and Mrs. E. Jones, enjoyed a wienie roast on the banks of Forsythe creek. Swimming was the main sport of the afternoon.

Was In Lake County.

Mrs. E. B. Watson has returned from Lake county where she passed nearly three weeks in the W. G. Humason home. Mr. and Mrs. Humason are cousins of Mrs. Watson.

Miss Norma Henderson, of San Francisco, is visiting Mrs. C. Rogers.

Go To Portola.

Mr. and Mrs. D. L. Hastings and two children, who bought Redwood Valley property about two years ago are leaving the valley and will make their home at Portola.

Mrs. Harry Winsby is visiting relatives in Eureka.

Is Painting Home.

Mrs. Minnie Belveal is having her house painted.

FARMERS STATE THEIR POSITION

The Republican Press has been requested to give prominence to the following statement sent out by the Associated Farmers of California, Incorporated:

San Francisco, July 15, 1934.

Edward D. Vandeleur, Chairman,
Strike Strategy Committee,
San Francisco Labor Council,
San Francisco Labor Temple,
San Francisco, California.

Cognizant of the fact that leaders of the American Federation of Labor have repudiated Communistic activities in present San Francisco controversy, we call attention of the Strike Strategy Committee to the seriousness of the position of farmers of California and the thousands of employees, mechanics, merchants and industries dependent upon agriculture.

The Innocent Suffer

Innocent parties in the strike controversy, the entire agriculture section of northern and central California, finds itself being drawn into the situation through acts of violence, vandalism and sabotage by radicals who are interfering with the prompt harvesting of perishable crops and their movement into markets.

Great Losses Suffered

We call your attention to the fact that California agriculture supplies thirty-five to forty percent of all the fresh, dried and preserved fruits and vegetables consumed in the United States. In 1929 gross income to California from farm crops was $732,000,000; In 1932, gross farm income dropped to $387,000,000. The farmers stood this loss. Their taxes and overhead did not decrease between 1929 and 1932.

State's Greatest Industry

Agriculture is the largest single industry in the State. Upon it largely depends the prosperity of California. Every citizen and industry is affected by California's crops. The harvesting, preserving, transporting of crops, valued as above noted, contribute tremendously to every citizen and industry. Railroads, lumber, paper, oil, machinery, minerals, glass, textiles, shipping, clothing, merchants, mechanics and labor, prosper or suffer as does agriculture.

How Strike Operates

The peace and prosperity of the State is so interlocked with agriculture that failure to harvest and preserve perishable crops would not alone affect the commercial life of our people, but would result in a food shortage felt throughout the nation, with resultant increase in prices that would cause suffering among all people. When crops become ripe, they must of necessity be harvested immediately or spoil and become a total loss. When harvested, they must be marketed or preserved immediately. The time element in harvesting and preserving is all-important. Failure to move will not alone result in financial disaster to farmers who have borne the brunt of recent economic conditions but will result in loss of crops which cannot be salvaged, and bankrupt thousands of farmers.

Are Following Orders

Acknowledged leaders of the Communist group in California have stated boldly, without equivocation, that under orders from the Communist International, headquarters in Moscow, Russia, they are deliberately attempting to wreck California agriculture in hope that failure to harvest, preserve and market California crops will cause nationwide suffering and misery, thus paving the way for Communist revolution.

Would Destroy A. F. Of L.

Communist leaders declare openly that they are attempting to wreck the American Federation of Labor as rapidly as possible, and now through pamphlets, propaganda and other devious methods are endeavoring to bring about dissension in ranks of American Federation if Labor. They hope to build up in the public mind an antagonism of your organization, with a resultant loss of confidence by the American public in you.

Where Communists Work

Throughout California, farm districts, organizers for the Cannery and Agricultural Workers Industrial Union, a subsidiary of the Trade Union Unity League, in turn a subsidiary of the Red International of labor unions, are attempting to foment so-called strikes in agricultural districts that are now flooded with unemployed people from not alone California, but from every other section of the nation. In every farming community there is excessive labor available. The farmer is not responsible for this excess labor. He prefers to give preference to local labor. Among the surplus labor the Communist agitator works.

The Seat Of Trouble

We feel that the difficulty now being experienced by agriculture in California is due to Communist agitators, many of whom are alien and all of whom advocate the overthrow of the government by force and violence; who, taking advantage of conditions existing in San Francisco, are appearing in farming communities, fomenting trouble, advocating violence, attempting to carry out a campaign of destruction and intimidation, hoping that two objectives will be accomplished: First, the paralyzing of crops with a ersultant food shortage; second, building up in agricultural districts a feeling that the American Federation of Labor is responsible for these difficulties, thus driving a wedge between labor and agriculture which might have far-reaching effects in the nation. If no crops are harvested and preserved, metropolitan districts will experience diffculty in raising sufficient food in their backyards and vacant lots to support them. California agriculture has looked upon the American Federation of Labor with respect and friendship. Insofar as we can ascertain there has been but one incident in California agriculture where an agitator affiliated with the American Federation of Labor attempted to stir up trouble. He and his tactics were immediately repudiated by organized labor in the district in which he appeared, and organized labor there, conversant with the farmers' problem, stood 100% back of agriculture in its harvesting in that locality.

The Time To Speak

It would appear that it would be most opportune at this time if the American Federation of Labor, as represented by you and your Committee, stated its position, which we believe to be as follows:

One: Repudiation and denunciation of acts of sabotage, violence and intimidation in agricultural districts, as evidenced by recent interference with transportation from inland sections.

Two: A desire on your part to assist in every way in the harvesting and preserving of California's food crops, in order that scarcity of food and high prices may not prevail.

Three: An acknowledgment that perishable crops must be harvested and preserved immediately and that the loss of crops falls upon the farmer only.

Four: That you will co-operate with agriculture in the marketing and preserving of perishable commodities to prevent loss to the farmer and supply essential foods to the people.

Five: The acts of violence, sabotage and intimidation now occurring, threatened or accomplished, have been without the knowledge, sanction, or backing of labor.

Six: That fruits and vegetables which are essential to the health of all of the people, aside from the prosperity of the State, will be available with your co-operation, to the people.

Could Aid Greatly

Knowledge and analysis of the situation should convince you statements contained herein are based on fact, and position advocated sound. Clarification of your position will assist in understanding and will prevent in a large measure the well-organized, financed and directed campaigns of propaganda in farming communities from succeeding in alienating agriculture and labor. Agriculture proposes to protect its crops, its investments, its livelihood, peaceably if possible. But if continued threats in Communistic direct action campaigns to burn warehouses, barns, grain and crops, persist, and by reason of failure to co-operate and indifference on the part of metropolitan districts, lack of co-operation in law enforcement, one never-failing law will still exist—the law of self-preservation.

Will Stand Together

We suggest such a declaration of your position in order that the situation may be clarified and full responsibility for developments, as they occur, be placed where they belong. The smaller cities, towns and villages throughout the State depend upon agriculture. Their merchants, mechanics and citizens will stand with agriculture.

Time To Act Now

The time has come when there must be a full declaration, understanding and clarification of the situation. The women and children will suffer first in a food shortage. This should be considered.

Old Timer Laundry Operator Recovers

(TheLakeport Press)

Mrs. Birdie Knudsen, who has been very ill the past few months was in Lakeport visiting her son, Peter, who had been on the sick list. Mrs. Knudsen operated the Lakeport Steam Laundry until the time she was taken ill. She is improving in health and her many friends here were glad to see her. — Mrs. Knudsen, years ago, owned the Ukiah Steam Laundry and she has many friends in Ukiah who will be glad to hear she is recovering.

Mrs. LeRoy Woodhead, of Point Arena, was in Ukiah last week for a few days' visit, returning to her home Friday accompanied by Miss Ida May Caylor, who had been a guest at the home of Mr. and Mrs. R. L. Dennen.

Mr. and Mrs. L. E. Crawford were in Round Valley Sunday where they have a ranch and are pasturing several hundred lambs which they recently purchased.

Strike Is Hitting All Businesses

When an order for newsprint from The Republican Press could not be filled by the Zellerbach Paper Co. last week because of the strike conditions prevailing in San Francisco, the order was switched to Eureka, where the Zellerbach Paper Company had a stock of roll newsprint and a shipment was sent The Republican Press by train. As a usual thing the newsprint is shipped out of San Francisco.

Miss Azile Sleeper, of Upper Lake, returned home Saturday from Ukiah where she had been since Tuesday a guest of Miss Maxine Squires.

F. Briccarelli ,superintendent of the California Grape Products Co., was on the Mendocino coast the last of the week on company business.

Mrs. J. P. Smith had as a guest last week her sister, Mrs. A. C. Harvey, of Oakland, who returned to her home Sunday.

William Wallace, with the Union Lumber Company, was here last week from Stockton. Mr. Wallace formerly made his home on the coast and lived at Mendocino.

FLOWERS
for all OCCASIONS
Ukiah Floral Nursery
Greenhouse No. State St.

H. O. Lanza, President of the California Grape Products Co., was here Saturday looking after matters at the company's big plant in the upper Ukiah valley and went back to his Piedmont home Sunday.

Mrs. M. B. Gibson was here from her home at Talmage Wednesday, guest of Mrs. Helena Cox.

Frank Niderost was here from Hopland Saturday.

HOP GROWERS ARE DEFENDED

Board Of Supervisors In Stand For Crops Of This County

Urging that the hops of this country be protected against foreign hops and that the growers be provided such protection as state residents should be given, the following resolution was passed by the board of supervisors at the last meeting:

"Whereas, the abnormally large import of foreign hops has seriously depressed prices on domestic hops; and

"Whereas, the proportion of hops is so small a part of the manufacture of beer, ales, stouts, etc.; and

"Whereas, our growers are unable to enter into profitable contracts involving the sale of these products on account of the fact that the present tariffs, though high, are not sufficient to prevent the flooding of our markets with foreign grown hops;

"Now, therefore, be it resolved, that we, The Board of Supervisors of Mendocino County, in regular session here assembled, do respectfully petition the United States Government and its agencies to immediately place an embargo on imports from all foreign countries until such time as the domestic hop market is stabilized and a fair price be established to hop growers in our country;

"And that copies of this resolution be sent to the following: President's Emergency Tariff Commission, Agricultural Adjustment Administration, California State Chamber of Commerce, National Foreign Trade Council, Hop Growers Association."

Fathered By C. R. Perkins.

The above and foregoing resolution was introduced by Supervisor Charles R. Perkins, who moved for its adoption and passage by the Board, seconded by Supervisor Ed Haehl, and passed and adopted by the following vote of the said Board of Supervisors of Mendocino county: Ayes — Supervisors Haehl, Tadlock, Rupe, Perkins, Gordon.

Operated On For Goitre—Recovering

J. V. Gibson, who last week underwent a serious goitre operation at Ukiah General Hospital, is convalescing nicely following the ordeal. Dr. C. K. Abbott was operating surgeon and was assisted by Dr. A. H. Tunnell, of Marin county.

WENT TO SEE SISTER

Miss Mary Poma went to San Francisco Tuesday for an overnight visit with her sister, Miss Jane Poma, returning to Ukiah Wednesday evening.

Attorney A. L. Wessels was at Sacramento last week on legal matters.

MOON ECLIPSE

The western section of the United States will see a partial eclipse of the moon July 26, if any of its inhabitants care to get up at 1:50 o'clock in the morning. Astronomers said that at that hour the moon will plunge into the earth's shadow and emerge from the shadow after moonset, making the ending visible in Ukiah and over the Pacific ocean.

FOREIGNER IS PUT IN JAIL

N. Del Paloso Convicted Of Killing Rabbits And Quail

(Fort Bragg Advocate)

While answering a complaint by neighbors in the vicinity of the John Ferriera ranch, that someone had been stealing turkeys from them, Constable P. A. Stenberg on July third apprehended N. Del Paloso, who was armed with a double-barreled shotgun.

What He Found.

The constable did not find any turkeys in his game bag, but he did find some dead quail and cottontail rabbits. The constable turned Mr. Del Paloso over to Game Warden Holmes, who filed a complaint charging him with hunting game out of season, and also without a license.

Not A Citizen.

Mr. Del Paloso is an alien Italian, and when he appeared before Justice W. W. Ware, pleaded guilty to the charges and was fined $150 with an alternative of 75 days in jail.

Now In Jail.

Mr. Del Paloso was released until Monday in order to attempt to raise the fine. He was unsuccessful, however, and Constable Stenberg took him to Ukiah Monday morning to begin serving his sentence.

Former Residents On A Visit To Sonoma

(Santa Rosa Press-Demicrat)

Ed P. Lewis, Marshfield, Oregon, hardware merchant, and Mrs. Lewis, former residents of Santa Rosa, are visiting Mr. Lewis' sister, Mrs. John R. Mailer, in Monroe street. Mr. Lewis, prelate and past commander of the Marshfield commandery of Knights Templar, will attend the triennial conclave of that order in San Francisco. Despite the strike of maritime workers, which has halted shipments from Marshfield, business conditions in the Oregon town are excellent, Mr. Lewis said. Mr. and Mrs. Lewis moved from here to Marshfield 20 years ago. — Ed Lewis was a former resident of Ukiah and has many friends here. He will probably be in Ukiah before his return to Oregon.

STRIKERS IN A LOCAL ATTACK

Willits Truck Driver Assaulted Enroute To His Home

CEMENT TRUCK BURNED

A six-ton truck, fully loaded with cement at the Smith Point bridge construction camp 90 miles north of here on the Redwood Highway was mysteriously burned during the night. There is no evidence of its having been set on fire, but, the contention is, the burning of the big machine was the work of dissatisfied persons. The truck was destroyed during the night.

A six-ton truck, fully loaded

Guns cracked on Sonoma county highways Friday as San Francisco strike pickets invaded this area, threatened the drivers and planted fire bombs in at last two other trucks.

Attacked At Asti.

The shooting occurred on the Redwood highway, between Asti Colony and Cloverdale when a car containing seven men pulled alongside a truck driven by Ray Force, of Willits. Five shots were fired at the gasoline tank, four of which took effect, officers said.

Threatened With Guns.

Mr. Force and an unidentified helper, who were transporting a load of produce from the Sacramento valley to Willits, were pulled out of the cab and guns were thrust into their ribs by members of the "peaceful picketing" party who ordered them to "keep walking." Mr. Force and his companion hurried to Cloverdale, and got aid of Police Chief James Ledford. Returning to the truck they found phosphorus bombs had been planted in the cab and in the motor. One of the bombs had just burst into flames and the fire was quickly extinguished with only slight damage to the truck and cargo, officers reported. The truck was later taken into Cloverdale under police guard.

Assailants Escaped.

Sheriff Harry L. Patteson and a squad of deputies from Santa Rosa, armed with riot guns and tear gas, sped to the Cloverdale section, but were unable to find any trace of the rioters, who were reported traveling in a brown automobile.

One Ukiah Instance.

Neal P. Anker, of the Anker Drayage Co., is reported to have encountered three men near the depot Saturday morning who threatened him, if he continued to move freight from the depot. The men are alleged to have told Mr. Anker it was all right to go ahead with the load he had, but that he had best not attempt to move any more. Moving of freight, however, continued as usual.

Gang Was Abusive.

Nine striking maritime workers, alleged to be members of a terror squad operating in the Sonoma section, four of whom are accused of having fired upon a truck driver operating a truck carrying produce for Willits, near Cloverdale, were arrested in that county last week. The four men, after operating in the Cloverdale district, when a truck enroute to Willits was halted and the gasoline tank shot into, were trapped by state traffic officers near Petaluma.

Carried Many Weapons.

All of the men were heavily armed. Later five other "peaceful pickets," members of the same party, were arrested, but they were unarmed. Among the weapons taken from the four apprehended near Petaluma were a fully loaded rifle, a 38-caliber automatic pistol, a supply of shells for both weapons, a baseball bat and a bludgeon fashioned from a hardwood butt of a billiard cue and a steel longshoreman's hook, similar to a hay hook. All of the nine are said to have participated in intimidation raids along the Sonoma highways.

Who They Are.

The armed men, held on charges of carrying concealed weapons are Alphone Boyle, 36, Harry L. Mayer, 36, longshoreman; Robert Basil, 40, stevedore, and Paul Richter, 32, seaman, all of San Francisco. Bail was fixed at $1500 each.

Officers Got Tip.

The second group taken into custody on the highway near Windsor, included William Owens, 28, George Belton, 26, Harry Blody, 28, longshoreman; John Anderson, 28, stevedore, and Charles Mackintosh, 26, who said he was the owner of a club. The five, traveling in a small roadster, left Cloverdale a short time after Police Chief James Ledford received a "tip" they were in that city to "beat up" a truck driver. They were booked for investigation, without bail.

Caught At Petaluma.

Capture of the quartet just north of Petaluma ended an all-day search for occupants of a green sedan who halted a vegetable truck owned by Ray Force, of Willits, near the Asti Colony. Mr. Force and Frank Butts, also of Willits, were in the cab, driving the load of produce from the Sacramento valley to the Mendocino county city. They told officers at Cloverdale three armed men forced them to abandon the truck, jabbing them in the ribs with a rifle and pistol and ordering them to "keep walking." The strike pickets then poured liquid phosphorus over the motor and gasoline tank, disconnected the gasoline line and fired five shots at the gasoline storage tank. They then fled in the green car.

A Potato Bug Defeats Two Black Widows

A fight with the dreaded Black Widow spiders would make most of us shudder, but to a good old fashioned Potato Bug it was just—ho-hum!—another day. The scene of combat was in the California Prune and Apricot Growers Association plant at Healdsburg. Two full-grown, deadly Black Widow spiders were on display in a bottle, when an experimental-minded person dropped Mr. Potato Bug into the jar. It looked like an even-money bet as they sparred around after the opening "bell," but the odds shifted to the Widows as they started weaving a web around the potato bug. It began to look "in the bag," as the potato bug didn't show much fight. Then things began to happen. Bound from one end to the other with the entangling web spun by the busy spiders, the bug got ired—to say the least. With a mighty burst of the old Max Baer spirit, it fought its way clear of the web, attacked both spiders viciously, and won the bout with a sensational "knockout." The spiders were literally torn apart and strewn in pieces about the bottle, with the potato bug emerging alive and alone after a few seconds of furious fighting. Whether or not the potato bug will be poisoned later by bites of the spiders remains to be seen, but for the time being the bug is the "champ."

Truck In Flames.

When Police Chief James Ledford and state highway officers returned to the truck with Mr. Force and Driver Butts, they found phosphorus just bursting into flames. The fire was extinguished before it had seriously damaged the equipment or cargo and the truck was taken into Cloverdale under police guard.

Japanese Truck Attacked.

Meanwhile sheriff's deputies were called to Sebastopol, where a fire bomb was said to have been planted in a truck owned by a Japanese produce wholesaler. Other reports of intimidation of truck drivers, including farmers hauling fruit and livestock, poured into the sheriff's office and the state highway patrol headquarters throughout the day and officers were kept busy convoying trucks carrying cheese, meat and other foodstuffs.

Officers Halt Cars.

Captain E. L. Shryver and Officer Jack Lewis, of the highway patrol, each armed with a riot gun, halted both carloads of strikers. They were assisted by Patrolmen George Nardi, Ernest Roberts, Irving Rohner, Larry Walker, Ira Hein and Ernest Roberts. Officer Shryver had set up a "light raid" on the highway near Petaluma for the purpose of stopping all cars. When the hunted green sedan pulled into the light testing lane, it was recognized by Officer Walker, who flashed a signal to Officers Shryver and Lewis. The latter allowed the strikers' car to pass, then followed it a short distance before halting it. The four strikers were lined up along the highway and were handcuffed when the other traffic officers came to assistance of Officers Shryver and Lewis. A few minutes before their arrest, the four had halted a gasoline truck in Petaluma and had warned the driver to "get off the road."

On "Peaceful Mission."

Although they claimed they were on a "peaceful mission" to request truck drivers to tie up trucks, the four could not explain presence of the firearms and bludgeons in their car. One of the group told officers 30 strikers had used the car within the past few days and "maybe the guns belonged to some of them."

Prosecution Is Planned.

The asserted strike terrorists were grilled by Sheriff Harry L. Patteson and Assistant District Attorney E. T. Koford, of Sonoma county last night. "We will prosecute these men to the fullest extent if it is proven they were responsible for violence and threats of violence on Sonoma county highways," Sheriff Patteson said. "The public of Sonoma county has no grievance with San Francisco strikers, and does not propose to permit outsiders to come here and destroy property, interfere with delivery of foodstuffs and other commodities. Commercial trucks lawfully on our highways will be given protection. This office will not tolerate violence and gunplay and I am sure the thinking public will support me in this ultimatum."

Were Connected Up.

Officers claimed bullets found in the two guns taken from the strikers were identical with slugs and one exploded shell found at the scene of the Cloverdale shooting. They also declared several persons had been found who can identify the men who had attacked Ray Force's truck. If it is proven the four in custody were implicated in that outburst, additional charges of arson and assault with a deadly weapon will probably be filed against them, it was indicated.

He Was Held Up.

A man now buying pears in the Ukiah valley was near Oakland Friday. In his car was a box of pears. A gang of men crowded his car to the side of the street and forced him to stop his car. The pear buyer was asked what he had in his car and in reply said he had pears to be taken to the cannery as a sample. The men, in ugly mood, advised him to be careful not to try and run any truckloads of pears to the cannery or he would get in trouble.

Held Cargo Here.

A truck loaded with beer from the Humboldt Brewery was halted here Friday by the Safeway Company and the beer placed in the local warehouse of the company. It was feared, if the beer was allowed to be trucked south the truck might be wrecked and the contents destroyed.

Press Want Ads always pay

Secretary Of State Entertains Ukiahans

A party of Ukiahans at Sacramento Friday were dinner guests of Secretary of State Frank C. Jordan; Mr. and Mrs. A. R. O'Brien, County Clerk Harry M. Burke and City Librarian Ester Michaelson happening to be in the capital enjoyed the treat with Secretary Jordan. On numerous occasions Secretary Jordan has been a guest of Mr. and Mrs. O'Brien here and is also an old friend of County Clerk Burke hence when the party happened to be in Sacramento last week Secretary Jordan delightfully entertained the members.

A. R. O'Brien left yesterday evening for San Francisco where he will today attend a meeting of the board of directors of the Golden Gate Bridge and Highway district.

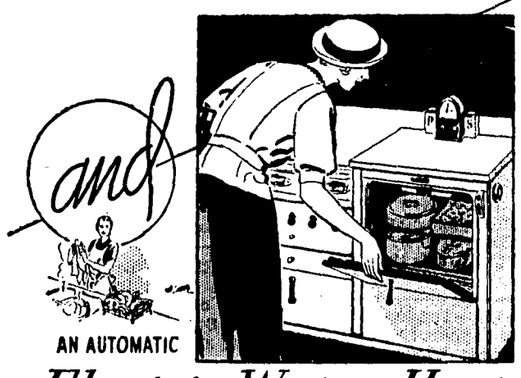
HAS BEEN SICK

Chas. Sozzoni, who some time ago suffered a severe heart attack, is now considerably better and is able to look after some of the light duties about his ranch.

Why envy the woman who has an electric kitchen?

At today's low price you can afford

a Modern Electric Range



AN AUTOMATIC

Electric Water Heater

HOW often have you wished for a new kitchen range—clean and bright looking in porcelain enamel and easy to keep clean always? But perhaps, like many other women, you have put off such a purchase that would make kitchen work so much easier because you thought a new range was costly to buy.

But now you need not delay on this account. You can have a modern electric range at a price you will recognize as genuine bargain value. All you pay is a small sum down. The balance is spread on easy monthly payments.

Your kitchen needs this modern investment. Buy your electric range today. Include, too, the automatic electric water heater. It is true economy to do this. Then you can qualify for the one cent per kilowatt hour rate for much of the electricity you use in your home.

Right now is the time to act. You can afford an automatic electric range at today's low prices and easy terms. Come in and see these bargains in modern equipment.

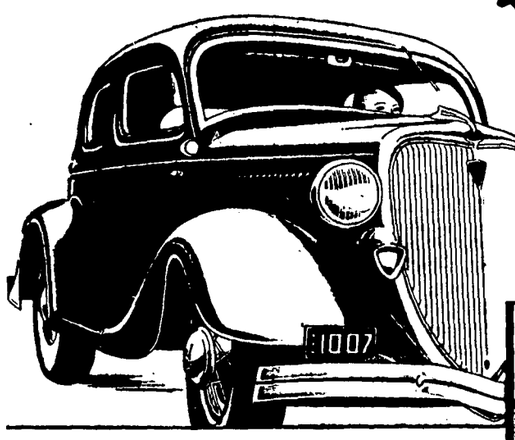
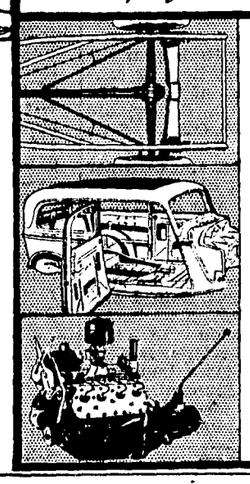
Strength beyond the needs of *Safety*



A FEW FORD V-8 *Safety Features*



Racing cars use this drive In racing cars, where maximum safety demands it, you will find a Torque-tube Drive... Just as you do in the Ford V-8.

Safest type of body known The Ford body shell is electrically-welded into a single steel unit—the safest and strongest type of body construction known.

Reservepower for safety With 85 horsepower and a top speed of better than 80 miles an hour you have a world of "pick-up" for any traffic emergency.

TO HANDLE easily and surely at all speeds, a car must be *built* for safe performance *from the ground up.* Not only strength but *weight* must be considered... The elimination of useless DEADWEIGHT makes a car easier to handle, safer to drive—and much less expensive to operate.

In the Ford V-8 you have a car in which strength *beyond* the needs of safety was a *basic principle* of design. Deadweight has been eliminated—but *not* at the expense of safety. Just the *opposite!* Where weight *has* been cut (as in the all-steel body), SAFETY has been *increased.*

Ask your nearest Ford dealer to let you drive a Ford V-8—in traffic, or where you will. See for yourself how *surely* it handles, how *quickly* it brakes, how *safely* it holds the road even at top speed.

LAKE COUNTY IS PREPARING

Neighboring - Section To Permit No Annoyances

(The Lakeport Bee)

Seeking to forestall agitation in the fields of Lake county, members of the American Legion and Veterans of Foreign Wars will hold a joint meeting in the city council chambers tomorrow night, Thursday, at eight o'clock, with representatives of various fruit agencies here and with Sheriff Taylor A. Day. Plans will be formulated for handling any situation that may arise by Communists coming in and Red agitators will be sternly dealt with. Prompt action on the part of authorities and deputies will be taken upon information relating to communist activities that are reported.

No Lawlessness Tolerated.

That the people of Lake county do not care to tolerate agitation is indicated by the prompt response that a preparedness plan has met amongst veterans' organizations.

VISIT IN SOUTH

Mrs. Frances Rea Thompson and small daughter are leaving next week for a stay of several weeks in Santa Barbara.

Mrs. Ivan Lawson and son were in town Thursday from their home at Point Arena.

Mrs. Ed. Hyden is visiting her daughter, Mrs. Lora Mundy, in Sausalito.

Tomorrow, July 19, is The Last Day You Can Register To Vote

Just by way of another reminder, registration for the August primary election closes in the office of County Clerk Harry M. Burke tomorrow, July 19. For several weeks there has been considerable registering, indicating many people had overlooked the required step to enable them to participate in the coming election. Many others who had failed to vote at either of the statewide elections in 1932 and were thereby omitted from the so-called permanent registration, have also been coming to the registrar to get their names back on the big roll for election day. Others who since registering have changed their addresses and precincts have also come forward to make the necessary correction. It is essential all these changes be made in order to entitle a person to vote. In addition many voters have seen fit to change their party affiliation and in consequence there has been considerable activity, and still is, at the county clerk's office.

MANY ATTENDED

The mid-week devotional service of the Methodist church is held Wednesday night at 7:30. Last week extra chairs had to be procured. There will be special music. A large attendance is anticipated. The Eighth Psalm will be studied.

VISITING AT CHICO

Miss Elizabeth Squires, after a short stay in Sacramento returned to Ukiah and last week went to Chico where she is a guest at the home of her aunt, Mrs. Bernard Moore.

RETURNED HOME

Mrs. Ella King, following a visit which has extended over a number of weeks at the home of her sister, Mrs. Asa Smith of this city, returned south Friday.

Peter Frey is home after having taken part in the Knights Templar conclave in San Francisco last week.

CALLED TO CAPITAL

County Clerk Harry M. Burke was at Sacramento where he was called to testify as to official proceedings in the local superior court when the case of Dr. Walter Rapaport came up in the court of appeals Friday.

THEY WENT HOME

Mrs. Kenneth Lovell and her father, Dan English, were in Ukiah Tuesday returning to their home in Covelo after a visit with Preston English in Sacramento, where they encountered very warm weather.

HAD OPERATION

A major operation was performed on Mrs. John Finne, of Calpella, at Howard Memorial Hospital, Willits, last week. Mrs. Finne is doing as well as could be expected at this time.

Rev. Urban Riordan was in Ukiah this week from Greenwood.

VALLEY TRUCK IS OVERTURNED

Oliver Cureton's Outfit Was Burned By Peaceful Pickets

Special Correspondence of The Press

ANDERSON VALLEY, July 10. —Mrs. Lude, Robert Hines, Mrs. J. Arnold and Mrs. M Nelson, from Willits, passed Friday and Saturday in Navarro visiting friends.

Motoring North.

Mr. and Mrs. J. A. Meyrick, of Berkeley, arrived Sunday at the home of Mrs. Meyrick's parents, Mr. and Mrs. C. T. Ingram. They left Monday enroute for points of interest north, to be gone two weeks. Eleanor, Mrs. Meyrick's niece, accompanied them.

Was Given Shower.

A shower was given Mrs. Chas. Benton at the home of Mrs. A. Willis the first of the week. Mrs. Benton received many dainty gifts.

Two New Babies.

The stork visited the valley this week and left a four and one-half pound girl at the home of Mr. and Mrs. Chas. Benton, Philo, and an eight and one-half pound girl at the home of Mr. and Mrs. Perry Hulbert, Boonville.

Mrs. J. Bartlett an old resident of the valley who now lives at Ferndale, is visiting at the H. Olsen home.

Kirk Ford, of Redwood Valley, is campaigning for county assessor throughout the valley this week.

Drier Burned.

George Estes lost his drier and 20 cords of wood this week by fire. The Mathieson Bros. had it rented and had 17 trays in the first day of drying and left for home. Mr. Estes carried no insurance.

Date Was Incorrect.

The writer wishes to apologize for the mistake printed about the opening of Anderson Valley high school. It has been set for September 10, instead of August 13 as stated in last week's items.

Mrs. Zelpha Rawles Michelson, of San Francisco, is on a visit to her mother, Mrs. Del Rawles.

Alex Burger, of Yorkville, was a valley visitor this week.

A Truck Rumor.

It is reported Oliver Cureton's truck was overthrown and burned by strikers last week.

Mr. and Mrs. Robt. E. Reed and daughter, Betty, of Linden, were calling on old friends in the valley during this week.

Mr. and Mrs. Herbert Witherell, of Vallejo, visited Mrs. Witherell's parents, Mr. and Mrs. Peterson, at Philo.

Mrs. Ray Back.

Mrs. Avon Ray is at home now. Her nurse accompanied her to care for her until she is stronger.

Mr. and Mrs. Martin Gleason and two sons, of Navarro are enjoying an extended trip by Auto to Lake Tahoe and other points of interest in the high Sierras.

Mr. and Mrs. Joel Reilly and son, Stanley, returned Sunday from their camping trip.

Thos. Gschwend and wife, of Santa Rosa are having a vacation in the valley at the H. Olsen ranch.

Miss Florence Barnes, of Navarro, returned Sunday, having passed 10 days in Willits, accompanying the Prichards over.

Mrs. Sarah F. Ryder is home from the bay where she had a vacation extending over the past 10 days.

AN ALL-WINTER ROAD ASSURED

Highway Between Ft. Bragg And Willits To Be Improved

(The Willits News)

Supervisor John N. Rupe returned from the monthly meeting of the board of supervisors Wednesday and reported he had included in this year's preliminary budget sufficient funds to complete the Willits-Fort Bragg road so it will be open all the year for travel.

What Plans Are.

The budget allows $10,000 for this project from the county general and gas tax funds. Supervisor Perkins, of the Fourth district, has also made an allowance for the road that lies in his district and has promised to complete the work this year. Therefore it seems likely that, before next winter, the entire road will be graded and graveled in such manner it will be a good road all winter, something we have waited many years for.

Provide For Bridge.

In the budget is also included money for the new steel bridge across Berger creek on the Laytonville-Dos Rios road. The steel for this bridge was secured from the Fifth District, where it was not needed, on account of the state taking over the road where it was to be used. Supervisor Rupe secured it for about the cost of hauling. It will make a fine new bridge, 20 feet wide, and will replace an old wooden bridge that is about worn out. This job will also be completed this fall, as bids will be asked for at once and the contract let next month.

To Wait Short Time.

Work on the Fort Bragg road will not start until the final budget is passed next month, when the money will be available.

CARPENTER HURT

George Nichols, who has been employed on the highway bridge over Rattlesnake Creek, now under construction, caught his hand in a cable and had three fingers severely lacerated. He was taken to the hospital at Willits where Dr. Babcock attended him.

IN FAST COMPANY

Julio Bonetti, star patcher for the Talmage State Hospital team and who is said to have been discovered by Tib. Fisk, left last week for Illinois where he will play the balance of the season. Back of the movement is said to be an offer the New York Yankees have made to tryout the local man the coming season. Originally Julio Bonetti signed up with the Seals, but was released by them.

"DICK" COLLINS HERE SATURDAY

Candidate For Equalization Board Tells Of His Plans

R. E. "Dick" Collins, chairman of the State Board of Equalization, and a candidate for reelection to that post, was in Ukiah Saturday. Known throughout northern California as one of the most experienced officials in tax work, Mr. Collins stated this election was probably as important as any the voters have approached in many years.

Much To Do.

"The State Board of Equalization will have a heavy task durthe the next four years in the valuation of public utility properties, a duty given it by the last legislature," said Mr. Collins. "I am seeking re-election with the thought that my long experience in tax work will stand me in good stead for the solution of many problems which will undoubtedly arise. Too many times have I seen injustices committed in tax valuation work, not intentionally, but through inexperience. It will be my purpose to see that all this utility property is valued fairly and that the tax burden is distributed evenly and without favoritism."

"Dick" Collins was active in sponsoring the Riley-Stewart tax reduction plan, which has lowered property taxes by approximately 20 per cent throughout the state. Mr. Collins declared that but for this plan being enacted a tax strike would have been inevitable, with the resultant necessity of closing many schools in California, all of which are now open.

SUNDAY SERVICE

At the Methodist church next Sunday, the pastor, Rev. Warren A. Bonner, will preach at 11 a. m. and 8 p. m.

RETURNS FROM CITY

Will Davis returned Wednesday from San Francisco where he attended Knights Templar convention.

Fire Season Is Here

Precaution Urged

As the outlook this year is for a long and hazardous fire season throughout the State, the agricultural extension service of the University of California is emphasizing the need for extensive precautionary measures. Some of the suggestions made for preventing fires are:

1. **Clean up fire hazards near buildings, and plow firebreaks around grain fields.**
2. **Equip harvest machinery with effective spark arresters on exhausts, and have two approved fire extinguishers on hand.**
3. **Store gasoline and oil away from buildings and handle these products carefully with particular attention to danger of ignition from static sparks.**
4. **Do not burn brush or rubbish in windy weather.**

These are the QUESTIONS I asked:

1 Which is the most beautiful electric refrigerator?

2 Which provides the largest food storage space?

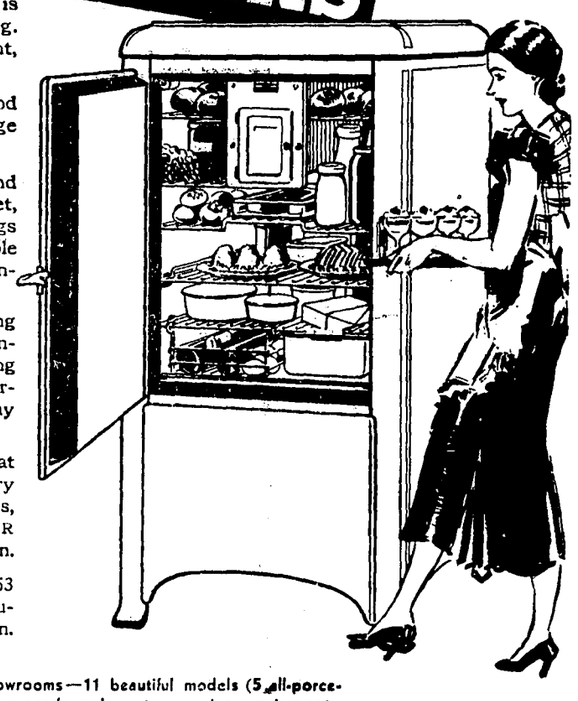
3 Which has the most convenient interior arrangement?

4 Which will give me the best refrigerating service?

5 Which will save the most time and labor?

6 Which offers the highest quality and greatest economy?

Leonard ANSWERS them all



1 In design, the new Leonard is simple, modern, charming. Snow-white finishes—hard as flint, non-fading.

2 Leonard has a *planned* food compartment. More storage space—flexible shelfroom.

3 Leonard provides folding and sliding shelves, dairy basket, new serving tray—to set things while rearranging shelves, vegetable crisper and many other great conveniences.

4 Leonard gives you 12 freezing speeds at your finger tips, unusual ice capacity, extra fast freezing for emergencies. Cold chest for storage, flexible rubber trays, ice tray lifter (no more sticking trays).

5 A Leonard will save you at least 24 miles of walking every year. With both hands full of dishes, touch a toe to the LEN-A-DOR pedal; the door swings gently open.

6 Leonard is the product of 53 years' experience in the manufacture of household refrigeration. Built for economy, satisfaction.

• See the new Leonards now at our showrooms—11 beautiful models (5 all-porcelain), one of which will exactly suit your needs and meet your price requirements.
